JUDGE WILDER'S ANSWER. RED WING, MINN, July 30, 1866. DEAR SIR: Your letter of the 20th inst., has been received, enclosing a copy of the proceedings of a meeting of the Bar of the 3d Sub-division of the 9th Judicial District of Ohio, and requesting, as I was not in the State at the time of such Bar meeting, the expression of my views of the wisdom of its action. With that re-quest, I most cheerfully comply. Had I been at home and consulted upon the subject, I should have joined with my breth ren of the bar in recommending the seeting, attended and taken part in its proceedings. In the result I should have in st cordially concurred, and united in the invitation of Mr. Sherman to consen o become a candidate for Judge of our ab-division, and given him a pledge to ise whatever influence I had to secure his comination and election. Among the nost valuable and important qualities of the judge, is that of securing the confi-dence of those through whom the judicial

ability; has, as I know, the confidence of the Bar, and, as I believe of the people.

The action of the Bar has been in no wise dictatorial. They have made no nomination, but simply recommended a candidate for nomination. They give to the people in advance the benefit of their judgment in respect to a candidate. I certainly would not claim for that judgment a controlling influence; yet in my opinion it is justly entitled to very great woright with the people and with the judicial convention.
